

Do you have a love for baking and want to share it with others?

If so, we would love for you to share your talents with us by volunteering to provide some homemade treats for various school administrative events throughout the year!

- These events are focused on thanking our supporters and welcoming new families into our St. Ephrem School community.
- **Responsibilities:** Make baked goods for planned programs or events & transport the goodies to the school.
 - Our next event is coming up on February 14th to thank our Police Officers for all that they do for our school and community.
 - Our goal is to have multiple volunteers to take a turn for one or two events throughout the year so that there is enough goodies for each event (there are approximately 6-7 events per year).
- If you are interested in becoming a volunteer in our Baking Network, please contact Christine Lyness at cmlyness@msn.com.
