**Re: Invitation to Pray the  
Rosary for our Country**

**October, 2017**

**Dear Partners in Catholic Education and Fellow Citizens of the USA!**

During this **month of October**, we are asking you to join us in **praying for all of our suffering brothers and sisters around the world! Instead of feeling overwhelmed by the nightly news, let us join together and share "positive prayer power" with and for those in need of our prayers and support!**

**WHO:**The **youngest member** in each family will be responsible...

**WHAT:**Each night to bring home a "Rosary Bag"!

**WHY:**You are invited, requested to **gather as a family at home** like we do daily in school for community prayer

**HOW:**You make the **decision** whether to pray the **whole rosary or a decade** for those most in need of our prayers

**WHEN:**Your child is asked to **return the Rosary Bag the next day** so that another family can continue the prayer chain

Please join us in showing "our children" the power and importance of prayer! A great priest, Father John Peyton once coined this phrase: **"The family that prays together, stays together!"**

We pray a daily decade in every classroom every day during the month of October. Thank you for showing your family members how important this prayer is to you, too!

**May Our Blessed Mother intercede for each of us as we honor her Son, Jesus, by honoring her through the praying of the rosary.**

**God bless you and thank YOU!**
